

# Follow an affordable pathway to an overseas degree through the INTEC A-Level German programme

## Top reasons to study in Germany

Academic qualifications from German higher learning institutions **put you on track for a career anywhere in the world.**

In most German states, **higher education is free**, requiring students to only pay a nominal semester contribution.

Although we prepare you to communicate in German, **many study programmes are also in English.**

German universities provide **industry exposure** that enable you to gain practical experience.

Students who earn degrees from German universities **may apply for a residence permit**, and stay up to 18 months to find a job.

**If these reasons appeal to you, join the A-Level German Programme at INTEC Education College, Shah Alam, and complete your journey at a higher education institution in Germany.**

# WHAT WILL MY JOURNEY BE LIKE?

You will complete the MQA-approved A-Level German Programme at INTEC in 22 months while building your foundation in the German language.

---

Next, you undergo a more intensive 6-month German language course at Institut für Internationale Kommunikation e.V. in Berlin, before going to a university in Germany to complete your degree.

## DO I QUALIFY TO APPLY?

Students who have successfully completed the SPM/IGSCE/UEC/ equivalent qualifications may apply. More details are available at the INTEC Education College website.

## WHEN DO I BEGIN?

INTEC Education College offers an intake in **July**.
