WHY CHOOSE INTEC?

INTEC Education College has been offering the CFAB and ICAEW ACA since 2017, and over 60 have successful earned their qualifications with us.

Muhammad Muaz Mohd Nazim

I was not a fan of numbers although I was a science stream student in high school. However, I chose accounting at INTEC Education College, and I am forever grateful for it. I now understand how businesses work, and know the nuances behind the numbers. I am glad I made the decision to pursue the ICAEW CFAB programme at INTEC as I get all the help I need.

Syed Amier Syakir Syed Idrus

I made the right decision by choosing ICAEW CFAB after my SPM as I know that the programme helps me develop a range of business skills that I need for my career. The ICAEW CFAB puts me on the path for an exciting future.

Nur Rafhanah Mohd Hisham

Pursuing the ICAEW CFAB was challenging at first as I was not familiar with the new subjects. However, the lecturers have been very patient and have helped me understand the principles which I need to apply and perform well in my exams.
